KING PINS: These bowlers showed their talent at the Apex Center. The competition between *The Holy Rollers* and *The Avengers* was intense, and there may have been some turkey talk! All brought their own spin to the game, and the game results were striking. Pictured above, left to right: Residents **Sr. Louise Aylward**, **Ilga Richters**, **Asuncion Sedo**, and Community Services Director **Vartkes Hovsepian**.

MOTHER'S DAY IS SUNDAY, MAY 8: We will celebrate with a midday meal featuring a special menu and live entertainment for our residents in the dining rooms. If you will be spending this time away from New Horizons with family and friends, please let Dining Room Manager **Teresa Moore** (x5281) know or send an email to diningservices@cummings.com. (The Mother's Day evening meal will be a packaged light supper for residents to pick up and enjoy at their apartments.)

IN BLOOM: A spectacular display of orchids was showcased when residents got to visit Tower Hill Botanic Garden. The exhibit featured more than 1,400 colorful orchids that are at their best during the winter months. Residents pictured, left to right: **Peg Bouvier** and **Yana Shirko**.

WEE BIT OF PAINTING:

These artists were feeling the luck of the Irish during arts and crafts. Our Memory Care residents got very creative with their designs and colors and couldn't wait to hang their new decorations on their doors. Pictured, left to right: **Lillian Clancy** and **Rita Sixsmith**.

SEED STARTING: Our gardeners started planting seedlings. These “Green Thumbs” (pictured, left to right), **Helen Precourt, Sandra Campbell, Lorraine Lesieur, and Veronique Turner**, remain hopeful and are excited to see what our gardens will produce this season. The vegetables grown will again be put to good use in the salads we serve in the dining rooms.

IRISH SINGER Brian Corcoran put on a wonderful concert! Residents **Ron and Joan Straube** were surprised with a serenade of their favorite song, “Immigrant Eyes,” by daughter **Kristen** (left), who had arranged to sing with Brian as a surprise for her parents.

FARM BABIES: Memory Care residents **Josephine Carroll** and **Joe McGuire** were filled with joy when they got to hold baby animals from **Barn Babies**.

DID YOU KNOW: Sunflowers, marigolds, zinnias, and cosmos bloom the best during the month of May? Squash, beans, cucumbers, and melons sprout to their fullest during May as well. Warm soil will allow fast germination, which will aid the growth of your plants.
